

# How to order the EPEX SPOT Trading Handbook with Exam in the new EEX Group Webshop?

## » epexspot Epex Spot E-Learning

### Knowledge is Power

EPEX SPOT offers a large range of online training courses on power markets, market coupling and electricity trading, with modules reaching from basic knowledge to expert knowhow including the Trader Certification, exclusively available for our members.

[Click here](#) to see the overview of our training offer.

To be allowed to trade on our markets, auction & continuous, even occasionally, a trader has to be certified. For this, it is necessary to pass the trader exam. The training can be purchased online in the [EEX Group Webshop](#).

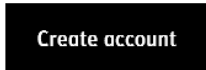

**Unlimited access to the course on our E-Learning platform, for a whole year**  
660 Euros excl. VAT per user  
Also available: Packages for 5/10/20/100 users

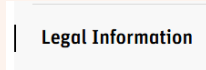

The EPEX SPOT Trading Handbook is available in **English, German and French**. If you order the German or French version, you will automatically receive the English version for free, as the exam has to be done in English. Click on the link in the table to **go directly to the product page**.
